# Our Mobile App

*A note from...*

**Register of Deeds Karen Johnson**

"With this mobile app, the Register of Deeds Office is providing something that is not just a convenience, but a necessity in the 21st century. The staff and I are committed to providing the best service and the most up-to-date technology to those who rely on our services. This mobile app takes our commitment to the next level."

Download the Davidson County ROD app.

Or, search Nashville – Davidson Co. ROD  
in the App Store or on Google Play.

Register of Deeds

## More convenient than a website

In the 21st century, a website is not enough. That's why Register of Deeds Karen Johnson has made a mobile app available.

- You're in a rush, and you need to see a document for your property. *Find it through our app.*
- You are away from your computer, and you need to record a document. *Access e-recording on our app.*
- You know the document you need, but you don't know where to look for it. *Just click the phone button on the app during office hours, and you'll reach a real person.*
- You want an easy way to sign up for our Property Alert. *You can do it through the app.*

Sign up for property recording alerts and view veteran reward offers quickly and easily from your mobile device.

## Information at your fingertips!

Most of us use our smart phone or our tablet when we need something quickly, like booking a doctor's appointment, or paying a bill, or checking a game score. Maybe you don't want to search for a website. Or a phone number. Or an email address.

Research shows overwhelmingly that consumers, in Nashville Davidson County and elsewhere, turn first to apps to find the goods and services they want and need.

Now, there's an app for the Nashville Davidson County Register of Deeds Office.

## Service & Integrity are our hallmark

Everything we do in the Nashville Davidson County Register of Deeds Office is based on two principals: good service and integrity.

You have come to expect efficient, professional service from us. You trust us to give you correct information and to keep your documents secure.

We have met those standards with our mobile app.

We partnered with Business Information Services, a leader in property document technology, to make our mobile app a reality. BIS provides our office with gold-standard software for recording documents, and we are confident in the security of their system. The same goes for the mobile app they built.
