March Report Highlights

As the Federal Funding environment continues to evolve, the homelessness service provider community continues to coordinate, prepare and communicate. OHS, as the Collaborative Applicant and CoC Hud Lead, is facilitating ongoing meetings with the CoC HUD funded agencies, allowing them to collaborate with each other and to develop contingency plans to ensure that services will continue.

The Hospitality Hub of Memphis is ramping up their presence in Nashville as their team is established in order to serve the interim housing residents at 95 Wallace Rd. OHS is coordinating with them and with The Salvation Army to ensure that the remaining residents continue to receive high quality case management and housing placement services, and that the interim housing and the Hospitality Hub are well prepared for when the community closes the next encampment.

Dr. Sam Tsemberis, the founder of the Housing First concept and movement, will be providing Housing First Fidelity training for the service provider community. Dr. Tsemberis has partnered with our community in the past on trainings and Housing First evaluations.

Shelby House, a development that received funding from the Affordable Housing Gap Financing program, with allocations of \$2,100,000 and \$712,544, is processing great concerns of addressing the needs of three separate populations: market rate, abstinence based, and housing first.

OHS Cold Weather Overflow Shelter

- 1,477 unique individuals served
- The average guest has utilized the shelter for 6 nights
- 475 (32%) are experiencing chronic homelessness
- 81 (5%) are veterans
- The average age of individuals utilizing the shelter is 48
 - 49 (3%) youth under age 25
 - 105 (7%) individuals age 65 or older
- 49% of individuals have at least one disabling condition
 - 282 (19%) have only one disabling condition
 - 179 (12%) have two disabling conditions
 - 263 (18%) have three or more disabling conditions
- 21% are survivors of domestic violence
- 688 (47%) of the guests who have come to cold weather shelter were not served by any other program in HMIS in November, December, January, or February thus far, so do not appear to be working with any service providers
- 27 guests who have stayed at the shelter have moved into permanent housing so far this winter

*Launch Pad operated a youth specific Mobile Housing Navigation Center through a partnership with Community Care Fellowship through December 2024. All funding for this program is distributed through Community Care Fellowship.

**Prior to receiving ARP funds, Community Care Fellowship received CARES (Coronavirus Aid, Relief, and Economic Security) funding to operate their shelter programs. A recent review of these programs showed that an error had been made in identifying the ending date of the CARES funding and the beginning of the ARP funding. As such, the number served under the ARP funding has been edited to reflect the correct number served.

Nashville Community Homelessness & Housing Data, February 2025

Data Source: The Nashville-Davidson County Homeless Management Information System (HMIS). HMIS is a *shared community database* that collects data on households experiencing homelessness and programs intended to end homelessness. HMIS includes data from **45 participating service providers** in Nashville; including emergency shelters, transitional housing, street outreach, supportive services, and permanent housing programs. The Office of Homeless Services is the HMIS Lead Agency responsible for administering the HMIS and associated reporting.

The data below fluctuate month to month based on varying levels of community participation in HMIS and street outreach coverage. Any changes from month to month may or may not reflect true changes in homelessness.

3,243 people experienced homelessness in Nashville in **February 2025**. These 3,243 people were in **2,782 households**; **228 families** (including 379 children) and **2,554 adult only households**. Over the past 12 months, **10,243 unique people** have experienced homelessness in Nashville.

Increased Data Collection: As of November 2024, HMIS includes data from the Metro Cold Weather Shelter and Nashville Rescue Mission for the first time. While our system and community adjusts to this improvement in data collection, the data from these programs will be separated from our regularly reported data. The numbers below reflect the number of people experiencing homelessness served by Metro Cold Weather Shelter and the Nashville Rescue Mission since the month of November 2024. These numbers cannot be added to the above **3,243** to create an unduplicated total. As we improve data quality and strengthen the connection between HMIS and the Nashville Rescue Mission, we expect to see these numbers increase.

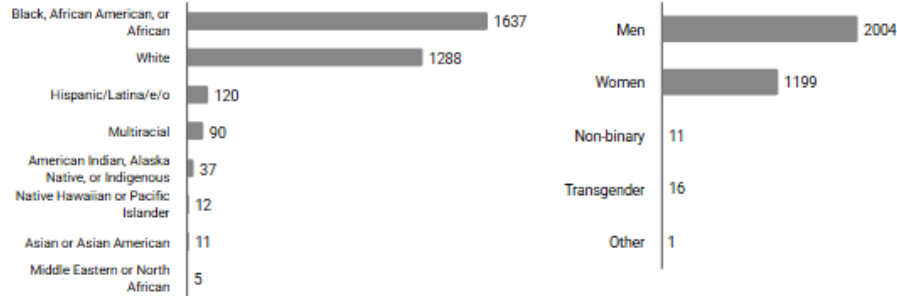

In **February 2025**, **883 people** were served by the Metro Cold Weather Shelter. **1,881 people** were served by the Nashville Rescue Mission in HMIS.

Nashville Community Homelessness & Housing Data, February 2025

The numbers below reflect the month of **February**. The arrows represent increases or decreases since the month of **January**.

Of the people who experienced homelessness in Nashville in the month of **February**:

In **February**, 50% of people experiencing homelessness were Black, 40% were White, 4% were Hispanic/Latino, 3% were Multiracial, and 2% were a different race/ethnicity.

In **February**, 62% of people experiencing homelessness were men, 37% were women, <1% were non-binary, <1% were transgender, and <1% were other.
