March Employee of the Month: **Emily Grangaard**

Which of the following criteria does your nominee most embody?

Excellence in Teamwork
Excellence in Motivation
Inspiring a Positive Attitude
Enhancing Workplace Culture
Exemplifying the Mission and Core Values of MPHD

Please provide a specific example that illustrates why you feel this person should be the MPHD Employee of the Month:

Emily is an Animal Control Officer with MACC. While in training she was incredibly quick to catch on to all of the points her trainer went over. She runs her calls for service well and is able to advocate to the community on MACC and what our program has to offer. She is able to speak to citizens in the community when they have committed an ordinance violation and turn it into an educational point. Emily comes to work each day with a great can-do attitude and is often one to assist her coworkers. Her job performance has recently earned her a promotion to an ACO2. Emily has also made thoughtful suggestions to our training program. She has work at creating a new onboarding and training program. Her taking the initiative on this has also taken some extra work off of her supervisor who was currently revamping the ACO training. Emily is a valued member of the MACC team and embodies what a
MPHD employee should be.
