Background: In 2000, The Tennessee General Assembly created a pilot program in which 44 Tennessee law enforcement agencies volunteered to collect detailed information for vehicle stops, including race, ethnicity, and gender of driver. In 2001, the Metropolitan Nashville Police Department (MNPd) began collecting this information for vehicle stops initiated in Metro Nashville. Although the State of Tennessee has since discontinued the program and does not require law enforcement agencies to collect the additional information, MNPd has elected to continue the practice.

The data collection instrument is MNPd Form 252 – Vehicle Stops Data Form, a modified state form that includes MNPd-specific data entries, such as address of stop, complaint number, ticket number, residency of the driver, officer employee identification number, and driver’s license number. All Metropolitan Nashville Police Department officers are required to complete MNPd Form 252 – Vehicle Stops Data Form whenever a vehicle is stopped. Each record denotes if a citation is issued, an arrest is made, a search is conducted, and if physical evidence is seized from the vehicle. Demographic information for the driver is also collected. The officer initiating the stop must use their personal observation to determine gender, race, and ethnicity of the driver.

Notes: This analysis is based on data collected from MNPd Form 252. “Physical evidence seized” is determined from Yes/No entries on Form 252 for three categories: weapons, drugs, and other.

In this report, vehicle stops are summarized by three different levels of geography: county, precinct, and zone. In a small number of stops, precinct and zone cannot be determined because the officer conducting the stop did properly not validate the stop location address. These stops are categorized as "Precinct Undetermined" / "Zone Undetermined."

The information contained in this report is sourced from MNPd RMS, Motor Vehicle Data Stop database on 2/5/2026. This report is intended to be a management and planning tool and does not reflect the official vehicle stop counts for the department.
